

The LION PRIDE

THE LION PRIDE TEACHES CHILDREN...

Kayla and Theo are little lions that love playing, as all lions do. In *The Lion Pride*, their mother teaches them about helping others and using their energy to make their community better. The Lions Club has a long history of community service and working to help others feel important and valued. Founded in 1917, The Lions' mission is to serve communities, give hope, and impact lives. In *The Lion Pride*, your children will learn alongside Kayla and Theo as they take pride in serving others and being kind.

Children are the leaders of our future and learning early about being aware of others and their needs will ensure we have a world where kindness and love prevail.
